

Personal Risk Management

Protecting What You've Earned

For clients with substantial assets, managing personal risk goes far beyond simply placing your insurance policies. Private collections, vacation homes, and exotic automobiles all require specialized knowledge and risk management techniques.

Welcome to the Premier Customer Experience

INSURICA's Premier Customer Experience Team specializes in protecting your property and keeping your family out of harm's way. By assessing, analyzing, and understanding the unique risks you face, we provide resources that other brokers fail to consider.

Personal Risk Assessment

Your premier customer experience begins with a Personal Risk Assessment, allowing us to maximize protection and minimize hassles in the event of a claim. Your Personal Risk Manager is trained to understand the potential hazards of high value clients and will guide you every step of the way.

Put the Power of an Entire Network Behind You and Your Family

In addition to the Personal Risk Assessment, we are able to provide the following services through our preferred carrier network:

- Comprehensive Property Valuation
- Home Security Assessment
- Private Collection Management
- Loss Prevention Expertise
- Emergency Preparedness
- Crisis Management

Our strong relationships with carriers enable us to get the best combination of price and coverage for your personalized needs, including:

- Homeowners policies
- Automobile policies
- Personal umbrella policies
- Jewelry, furs, firearms, fine arts and collectibles
- Rental property
- Personal watercraft
- Recreational vehicles
- Farm and related coverage
- Vacation property
- Additional Coverage Solutions

HOMEOWNERS STATISTICS

58K – Average payout of non-weather related claims
(2nd largest cause of loss)

56% of Americans do not have a clear understanding of their insurance coverage

64% of all homes are underinsured in a disaster
